“Technical skills may get you the job,
but Soft Skills can make you or break you as a Manager”

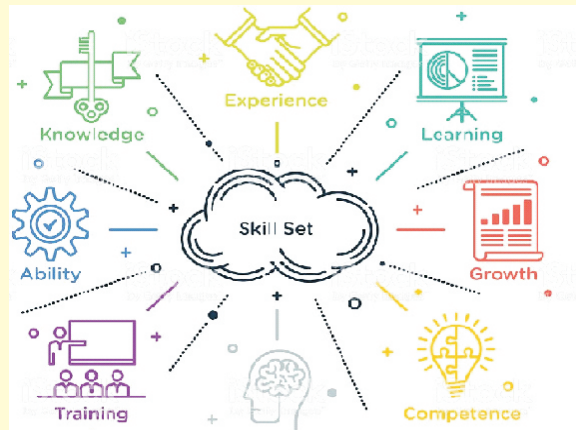

Skills the Mantra of Today's Management World

The ability to use one's knowledge effectively and readily in execution or performance.

A learned power of doing something competently

GAP in MBA Course ▼

The major Gap is that our Current MBA curriculum focuses mainly on the Least Important Skills rather than the Important skills.

Still through this MBA program we can make the students to know in the field where they are interested and push them to expand their horizons by embracing opportunities that allow them to broaden their skill set.

Initiative by JIMS ▼

JIMS as a renowned Management Institute try its level best to fill the GAP by various initiatives

All the initiatives are planned in such a way that it will fulfil the gap created
