

Add-on Course

We, at JSPM's Jayawant Institute of Management Studies work with a vision.

We foresee the world into which our students will be stepping & hence we offer plethora of Add-on courses for their holistic development. These courses are conducted by professionals and industry experts and help students stand apart from the rest in the job market.

In align with the same, we had conducted an Add-on Course on **“Python Programming”** for our MCA students.

The industry expert who conducted this Add-on course has a total of 12 years experience in various technologies like Java, SAP and Python Programming. He has worked with major IT companies like Wipro, Cyient, CSC and Deloitte.

The course started on 25th September 2019

Dr. Priyanka Singh Director JIMS along with Kamalakar Unhalkar Trainer for the Course.
